Hackathon
Quantum Computational Science and Engineering
24-26 November 2023
RWTH Aachen University
Preliminary program

Friday, November 24:

- 8:30 Registration
- 9:00 Opening & Keynotes (CES & QC)
- 10:00 Basic Introduction to Quantum Computing (Basics & SoA QC for Solving PDEs)
- 11:00 Invited Speakers: Example applications of QA
- 12:00 Lunch
- 13:30 Quantum Annealing (Theory)
- 14:30 Quantum Annealing (Demo incl. example exercise)
- 15:30 Quantum Annealing (Exercise)
- 17:00 Possible panel discussion
- 18:00 Closing / Dinner

Saturday & Sunday, November 25/26

- Hackathon on use cases provided by FZJ, BMW and Module Works
